Christmas tips for SEND families!

- ✓ Put presents in one big box and let your child open them at their own pace over the following days
- ✓ Avoid surprises by picking gifts from their list and wrapping them in clear cellophane (or not at all)
- ✓ Add batteries to toys before wrapping
- ✓ No food rules. Who says pizza and pot noodles can't be Christmas dinner?
- ✓ You do you! Don't feel guilty telling friends or relatives if something doesn't work for you
- ✓ Don't put unrealistic pressures on yourself. The holidays can be overwhelming for everyone, so stick to your regular routine if you want to

Sensation

the sensory gym

Welcome to Sensation!

Welcome to our inclusive sensory gym, where we believe that every child – regardless of their abilities or disabilities – deserves the opportunity to play and explore in a safe and supportive environment. Our gym has been purposefully designed with your child's unique needs in mind, to promote sensory integration, motor skills development, balance and coordination and overall well-being and regulation.

We understand how beneficial it is for children to engage in meaningful play, movement, and sensory experiences, particularly for children with disabilities such as autism and ADHD. Whether your child has sensory challenges, is seeking sensory input, working on their motor skills, or just looking to have some fun – we have something for everyone.

We look forward to sharing this unique sensory experience with you and your child and hope you will join us!
